## FISCAL ANALYSIS

### ASSUMPTION

The **Joint Committee on Public Employee Retirement** indicates that this legislation does not represent a “substantial proposed change” in future plan benefits as defined in Section 105.660(5), and, as such, an actuarial cost statement is not required.

Officials with the **Kansas City Police Retirement System (KCPRS)** note that spouses of deceased retired members of the Police Retirement System of Kansas City or the Civilian Employees’ Retirement System of the Police Department of Kansas City currently have the option to purchase health insurance at the same rate as all other retirement system members. Currently, spouses of deceased retired members can purchase a \$5,000 life insurance policy up to age 70 and a \$2,500 policy after age 70. However, KCPRS assumes the cost to allow for the purchase of the same amount of life insurance as that available to active members cannot be determined.

Officials with the **St. Louis Police Retirement System (STLPRS)**, assume the proposal presents no costs or any other fiscal impacts for their retirement system.

Officials with the **Missouri Consolidated Health Care Plan (HCP)** assume the proposal has no fiscal impact on their agency.

Officials with the **Department of Public Safety – Capitol Police (DPS) and the Missouri State Water Patrol (DWS)** assume the proposal has no fiscal impact on their agencies.

<u>FISCAL IMPACT - State Government</u>	FY 2003 (10 Mo.)	FY 2004	FY 2005
	<u>\$0</u>	<u>\$0</u>	<u>\$0</u>
<u>FISCAL IMPACT - Local Government</u>	FY 2003 (10 Mo.)	FY 2004	FY 2005
	<u>\$0</u>	<u>\$0</u>	<u>\$0</u>

### FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

### DESCRIPTION

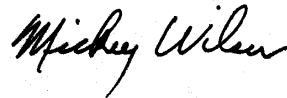

JT:LR:OD (12/00)

This proposal allows spouses or dependents of deceased retired police officers and employees of the police department who receive a pension to purchase health, medical and life insurance at the rate the deceased would pay if he or she was living.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
